

JUNE LAKE LOOP CHAMBER OF COMMERCE

Dear June Lake Residents,

We all know that is a devastating time for our community, residents and businesses alike. We want to provide you with county resource information that might help alleviate some of the financial burdens we are all facing. Below is information from monocounty.ca.gov. There are several food assistance programs for residents in Mono County.

The June Lake Chamber of Commerce has also organized a grocery assistance program for those in need. There will be a sign up sheet at the checkout at the general store, and also an [online form](#) on our website. We need to come together and make sure our wonderful community is taken care of. For more information please feel free to contact Amanda@junelakeloop.org.
